

A Close Encounter

Use the reporter's notepad below to write some interview questions about a Malamander sighting. Include the '5 W's' in your questions: Where? What? When? Who? Why? Leave space to make notes under each question. Good luck, reporters!

A large, empty rectangular notepad area for writing interview questions. The notepad is white with a faint, light gray border. On the left side of the notepad, there is a vertical column of small, repeating decorative icons that look like stylized trees or buildings. The notepad is positioned in the center of the page, above a decorative footer.
